

# INSPECT FIRST. SPEND SMART.

AQUATIC INFRASTRUCTURE ADVISORY

Independent guidance.  
Stronger infrastructure.  
Better long-term outcomes.

GRAD provides commercial and residential pool infrastructure advisory, inspections, renovation planning, design support, and permitting assistance throughout **Northern Virginia, Maryland, and the DC Metro region.**

## THE CHALLENGE

Pool infrastructure decisions often involve balancing operational needs, budgets, aging systems, and long-term planning priorities. Without clear technical guidance and documented observations, it can be difficult to confidently prioritize repairs, renovations, and future investments.

Our goal is simple: help you make informed decisions that protect your investment, improve performance, and plan for the future.

## THE GRAD APPROACH

**Inspection-based. Data-informed. Solutions-focused.**  
GRAD helps clients evaluate conditions, identify priorities, and make informed infrastructure decisions that support long-term performance, efficiency, and value.
